Immigration's New Lawless Ameica Frosty Wooldridge

Is America a lawless nation? Has it displaced its constitutional guarantees? Has it become a renegade nation? Can we survive growing anarchy within our country?

"We have to eliminate the gringo, and what I mean by that is if worse comes to the worst, we have got to kill him." - Professor Gutierrez, University of Texas, Founder of La Raza

"You gringos have spilled enough of our blood, now it's your turn to bleed, you [expletive] sub-human beasts," said Professor Gutierrez in a speech. He is employed by the University of Texas and founder of La Raza: for the Hispanic race, everything—anyone else outside the race—nothing!

Let's examine the facts at the international level.

The United States attacked a sovereign nation in the Middle East based on the lie that Iraq held weapons of mass destruction. None were found. United Nations inspectors found none. Because of that attack, an entire society suffers civil violence daily, tens of thousands dead, thousands of U.S. soldiers dead and thousands more horribly wounded. More will die in the coming conflagration of a civil war. The United States violated international laws by attacking Iraq.

Let's examine the facts within the United States.

Since 1986, the government of the United States represented by Reagan, Bush, Clinton and Bush II--charged with honoring the Constitution—failed to stop millions of illegal aliens from invading our borders.

Let's examine the consequences of our presidents' violations of their oaths of office.

Today, under Bush II, \$128 billion dollars in addictive drugs cross over the Mexican border annually through a network of a growing and violent MS-13 Gang syndicate. It could be stopped by troops on our borders, but President Bush specifically will not guard our nation. This week, we discovered that Bush instructed the Border Patrol to inform Mexican authorities where our civilian Minutemen patrols are stationed so Mexican people smuggling "coyotes" could avoid detection as their illegal alien human cargos crept into our country. A U.S. Customs and Border Protection spokesman confirmed the

notification process describing it as standard procedure meant to reassure the Mexican government that migrants' rights are observed. Our own government serves illegality by aiding, abetting and encouraging the breaking of our immigration laws.

New forgery factories aid illegal aliens with false drivers' licenses, birth certificates, social security cards and green cards. These lawless businesses aid 20 million illegal aliens to remain in our country against our laws. To help them, 8,000 immigration lawyers subvert our immigration laws to keep illegals inside our country. Additionally, these lawyers aid 350,000 women annually who cross over our borders illegally to birth a baby on the American taxpayer's dollars.

Bear-Sterns showed that \$301 billion a year goes uncollected by the Internal Revenue Service because half of illegal aliens work off the books. Americans make up the difference while a few at the top make millions of dollars. Corporation CEOs and company heads continue massive employment fraud, income tax evasion and fraud against taxpayers who make up the difference.

Lawlessness prevails all the way to lobbyists like Jack Abramoff who got caught for bribing our Senators and House Representatives. Congressman Duke Cunningham caught for \$2.4 million in contract bribes illustrates the tip of the corruption iceberg in Congress.

Special Order 40, known as the 'Sanctuary Law' in Los Angeles allows felons, rapists and convicted alien criminals free passes on the streets of LA and dozens of cities across the nation because police cannot determine their immigration status. These felons can and do rape, kill and rob Americans with impunity.

Millions of illegals drive with forged driver's licenses or no license and without insurance. In Denver, Colorado last week, an illegal alien was caught without a license or insurance--let go--and 30 minutes later, killed a girl in a street drag race that ended in a horrific crash. Why was he let go? Denver's sanctuary policy prohibited cops from detaining him. That incident illustrates a two-tiered level of law nonenforcement. We must obey the laws and illegal aliens do not—and, they get away with it.

"Corruption becomes a mechanism by which Third World countries like Mexico operate," said Heath Boatwright of Athens, Georgia. "When you impregnate the United States with millions of people that are used to corruption, it manifests criminal behavior in America. When so many are illegal and not arrested, they think crime is normal."

Denver, Colorado stands as the "New Drug Hub of the West" as well as the "People Smuggling Capitol of the West". Four Coloradans were killed by illegals in the past year. Eight Colorado women suffered rapes by illegal aliens in Boulder! Los Angeles leads the nation in lawlessness now numbering over 3,000,000 illegal aliens. It's also \$38 billion in debt and harbors the 20,000 member "18th Street Gang" which smuggles drugs with impunity.

You see the new lawlessness in America as a norm by looking at anchor babies in the hundreds of thousands or businesses cheating

Americans out of jobs with H-1B, H-2B and L-1 visas that were enacted by bribery at the highest levels. You see more illegal aliens driving drunk, running red lights, raping and killing Americans than ever before because they know our leaders will not enforce our laws.

When lawlessness continues unchecked, you invite more of it. It's called 'Third World Momentum', which cripples most countries. It crippled Mexico! Just look at that country!

Look at what is happening to our nation. We no longer live in the country where we were born. Because of the invasion, our hospitals fail via nonpayment by illegals—thus fail our citizens. Our schools fail because of multiple languages and overcrowding. Our streets aren't safe. Our cities grow in endemic corruption. Our prisons explode with new inmates. Our citizens suffer at the hands of our new lawless nation as to our depressed wages, stolen jobs, and corruption in our cities, states and legal system.

President Bush could stop this invasion with the stroke of his pen. Unfortunately, the tiger can't change its spots and neither will George W. Bush. Isn't it time for impeachment of a lawless president?

To all red-blooded Americans who ride a motorcycle, drive an RV and love our country:

Starts in Denver May 29, 2006: Ends in Washington, DC August 12, 2006 with massive motorcycle rally at the capitol steps.

Dear fellow American:

Below is all the information needed if you would like to become a part of the "21st Century Paul Revere Ride of 2006". It is a 14,500 mile coast to coast MOTORCYCLE ride alerting Americans to the immigration invasion. All information on the ride is below for riders, RV drivers, immigration groups, routes and dates.

"I will ride at midnight to warn the Militia and Minutemen of the towns about the approach of the British Redcoats once we have lighted the one or two signal lanterns in the belfry of the North Church." --Paul Revere to Patriot/Militia Leaders and Activists: Warren, Church, Dawes, Prescott in April 1775 in Boston, Mass.

"Those who expect to reap the blessings of freedom, must, like men, undergo the fatigue of supporting it." --Thomas Paine, "The American Crisis," 1776

"Perpetual optimism is a force multiplier" --Colin Powell - Army General, Statesman, Mensch

"We will ride, as our forefathers before us, to warn Americans in 2006 of this destructive invasion of lawless foreigners that commandeers our American Republic."--Frosty Wooldridge 2005 to Patriots to Preserve the American Republic.

Ladies and Gentlemen of our American Republic:

We have a rare opportunity to participate in an historic event, The Paul Revere Ride of the 21st Century. This Paul Revere Ride will carry a "Freedom Message" that is as critical to our freedoms in 2006 as Paul Revere's "One if by Land, Two if by Sea" warning was to the American colonists' freedoms in 1775.

Starts in Denver May 29, 2006: Ends in Washington, DC August 12, 2006 with massive motorcycle rally at the capitol steps.

All of you are aware of the multiplicity of problems facing our People and States and Nation and Businesses and Schools and Hospitals, Water Supplies, Food Supplies, Jobs, Social Services, Spirit Based Organizations, etc. in 2006 from the out of control, unmanaged, unplanned, invasions of aliens and immigrants coming illegally into America; therefore, this document will not present the problem but rather will present one of several plans underway for solving our States' & Nation's problems. And, YES !, WE DO NEED YOU AND YOUR NEIGHBORS' assistance just as Paul Revere and the Militia Patriots needed assistance in 1775...so, PLEASE STAND FORWARD WITH US TO AID IN SOLVING THIS OUT OF CONTROL IMMIGRATION PROBLEM which IS ONLY ONE OF THE VERY IMPORTANT PROBLEMS THAT MUST BE SOLVED THAT IS VERY NEGATIVELY IMPACTING OUR AMERICAN REPUBLIC AND ALL ITS COMPONENT PARTS...

This plan of the upcoming Paul Revere Riding Teams comes to us from many sponsors and the planning teams of Frosty and Howard Wooldridge with some input from several others across America.

If you can make monetary contributions do so by sending check or money order to "21st Century Paul Revere Ride" C/o Frosty Wooldridge P.O. Box 207, Louisville, Colorado 80027. Make them out to the "21st Century Paul Revere Ride". We will send you a personal "Thank you" with the Paul Revere Ride letter. For those of you who want the exceptional T-shirt, it's rock bottom at \$15.00 including shipping. It's got "Stop Illegal Immigration: Ask Me How" on the front with the www.NumbersUSA.com website and on the back, "Stop Illegal Immigration" with the 21st Century Paul Revere Ride logo below it. It looks pretty amazing and is sure to start a discussion no matter where you stand. Send your check to same address and state your size.

LET US KNOW BY E-MAIL, TELEPHONE, FACE-TO-FACE, OR CARRIER PIGEON AS TO HOW YOU & OR OTHERS WOULD LIKE TO BE AN ACTIVE PART OF THE COORDINATOR TEAMS TO SAVE OUR STATES, NATION, AMERICAN REPUBLIC....

The 21st Century Paul Revere Ride

1. Major objective: The 21st Century Paul Revere Riders' major objective connects the dots by informing Americans of all walks of life, in small towns and big cities across America about the dangers of unending legal and illegal immigration.

Six men and two women motorcycle riders will reach millions of Americans via 100 radio interviews, 200 TV interviews and an estimated 400 to 500 newspaper interviews from small town dailies to big city papers.

We expect to reach in excess of 50 million Americans concerning the dangers of continued immigration-driven population growth that exceeds 'carrying capacity' within the United States of America.

Riders will cover 48 state capitals on their way to Washington, DC. We expect to impact the 2006 elections focusing on immigration AND getting MORE Americans involved on a continuous and ongoing basis to support "the reaping of freedom..." as Thomas Paine had said back in 1776. This will show our American forefathers and mothers that we CAN KEEP OUR REPUBLIC!!!

2. The "Paul Revere Riding Team" will leave Denver May 29th. They will visit 48 Sovereign State capitols and then rendezvous on August 12 at the Capitol in Washington DC.

The Volunteers will coordinate media contacts and hospitality offers along the route.

3. Main audience: We expect to reach Middle Class America, who will, in turn, impact local, state and federal elected leaders.

4. Connecting the dots: We expect to center on the negative impacts immigration thrusts on all Americans, their communities, cities, schools, language, hospitals, and water supplies to name just a few. We expect with your assistance to enlighten and empower American Patriots and Statesmen toward action.

5. Major media contacts: Frosty Wooldridge / Howard Wooldridge will serve as primary media contact persons. Both bring vast media experience. Howard Wooldridge resides in Washington, DC and Frosty Wooldridge will coordinate from the field as one of the Paul Revere Riders. Ph. 301 695 1739. Available seven days a week.

6. Supporting this coast to coast motorcycle ride will be one donated RV equipped with computers, press kits, magnetic signs created for maximum exposure.
